AI marketing leader who builds the systems behind the marketing: generative-AI content with built-in compliance review, multi-channel attribution, and automation that takes recurring work off the team. B.S. Computer Science and five years of software engineering at Cubic Transportation, applied to marketing at Wealth Enhancement Group, Novadontics, and Nokkomo Mints. I turn complex AI and data work into clear, decision-ready stories.

EXPERIENCE

Digital Marketing Specialist, *Wealth Enhancement Group* — Aug 2025 – Present · San Diego, CA

- Designed and run an **AI marketing-automation platform (90+ scheduled jobs)** that took **85+ recurring tasks** off the marketing team across seminars, webinars, paid social, and reporting.
- Built generative-AI content pipelines (ad copy, webinar invites, blog drafts, event creative); every prospect-facing asset passes an automated FINRA compliance screen, human sign-off, and an audit log.
- Architected a multi-channel attribution model tying paid search, seminars, webinars, and digital ads to new-client outcomes, with auditable matching and deduplication; leadership uses it for budget decisions.
- Unified GA4, Search Console, Meta, LinkedIn, YouTube, HubSpot, Salesforce, and ClickMeeting into weekly cross-channel reporting and a QoQ executive dashboard, replacing ~6 analyst hours/week of spreadsheets.
- Run competitive ad research and benchmarking; coordinate delivery across the marketing team, an outside contractor, and compliance; manage six-figure monthly paid media across Meta and Google.

Director of Marketing, *Novadontics* — May 2025 – Jan 2026 · Remote

- Reported to the CEO; owned marketing across three brands (Novadontics, Care Pulse, California Implant Institute): email, social, paid media, analytics, and events.
- Rebuilt HubSpot lifecycle and GTM attribution in 90 days; consolidated three siloed tracking setups into one reporting model used in weekly executive reviews.
- Represented California Implant Institute at industry events and trade shows, with pipeline conversations captured in the CRM the same week.

CMO / Co-founder, *Nokkomo Mints* — Sep 2023 – Present · North County San Diego

- Cut Amazon Advertising ACOS from **81% to 38% in 90 days** (2024) while scaling daily spend 3×; brand now sells across Shopify, Amazon FBA, Walmart, and TikTok Shop.
- Built an intern program now **24 active interns across 8 universities** spanning creative, content production, and Amazon operations; co-led product positioning, pack design, and go-to-market narrative.

Founder, *HAZE Media Agency* — 2019 – 2024 · San Diego, CA

- Built an end-to-end AI content pipeline (Claude/Cowork → Drive → Make.com → Buffer → IG/TikTok) producing 30+ posts/month per brand with minimal manual work.
- Developed a repeatable TikTok creative framework used across DTC, hospitality, and B2B clients, with several seven-figure-view campaigns.

Software & Systems Engineer, *Cubic Transportation Systems* — Jan 2019 – Apr 2024 · San Diego, CA

- Built internal automation in **Java, Python, and C++** for testing, workflow, and defect tracking across multi-team transit fare-system programs.
- Owned test environment configuration and release reporting consumed by program managers and external customers.

SELECTED OPEN SOURCE

hubspot-mcp *(github.com/daniel54269/hubspot-mcp)* · Open-source Model Context Protocol server that lets Claude and Cursor read and write HubSpot CRM data. TypeScript, 13 tools (contact search, pipeline summary, contact updates, note creation). MIT.

EDUCATION

University of San Diego · B.S. Computer Science — 2018 – 2022
